

Nursing

Why Nursing?

The Nursing program prepares students to provide direct care to patients in acute care, long-term care and other structured settings. The program consists of science, general education and nursing courses. Nursing courses include classroom, simulation lab and clinical experiences. Learning experiences and clinical practicum may vary in time and in location and may include days, evenings and/or weekends.

Classroom and clinical components of the nursing courses must be completed concurrently. All nursing courses must be completed within four years from the date of entry into the first nursing course.

Students admitted into the Nursing program must take nursing courses in sequence and must achieve a minimum grade of "C" (73.33) in all major theory and science courses (*Nursing, Anatomy and Physiology I and II and Microbiology*) and a grade of "Pass" in clinical courses in order to continue in the program.

End of Program Student Learning Outcomes

Students who graduate from this program will be able to:

- Identify, integrate and evaluate current evidence, with consideration of patient preferences, and applies clinical reasoning to practice nursing safely and competently
- Provide respectful, culturally appropriate patient-centered care to diverse populations by partnering with patient and family members to empower participation in shared decision-making
- Demonstrate open communication, shared responsibility and mutual respect as a member of the nursing and interprofessional team, to promote quality patient care
- Implement interventions based on legal and ethical obligations to mitigate the risk of harm related to individuals, organizations, and the community
- Utilize clinical reasoning and critical thinking within the discipline's legal and ethical framework to create a culture of safety that prevents the risk of harm
- Demonstrate proficiency in technology and application of nursing informatics to enhance, deliver, communicate, integrate, and coordinate patient care

Degree Requirements

Admission Requirements

In an effort to provide you with the most current and comprehensive information about our program, prospective nursing students **must** attend a Nursing Information Session as part of application requirements. Applicants who attend, receive specific nursing application packets and step-by-step submission instructions for priority processing.

Dates and times for info sessions can be found online at www.mccnh.edu/admissions/information-sessions.

Completed nursing program applications must be submitted by February 1st to be considered for acceptance in the fall class.

Submission of a completed application packet by the admission deadline is the responsibility of the nursing program candidate. Applications with no supporting documentation, as presented in the mandatory Nursing Information Session, will be considered incomplete and not reviewed. As such, applicants will not receive further communication in regards to their admission status from the Office of Admissions. Candidates must complete the college admission requirements and provide documentation of the following criteria for admission consideration:

- Attend a mandatory Nursing Information Session
- Complete application for the program.
- Proof of satisfactory completion of high school algebra, biology and chemistry with grades no lower than a "C." If transcript indicates a numerical grade point average with no grade equivalent, a minimum of 73.33 is required.
- Two professional references (work or education-related) Forms provided by MCC.

Complete the Test of Essential Academic Skills (TEAS) of Assessment Technologies Institute (ATI) with an Adjusted Individual Score of the following: Reading: 74.50%, MATH: 68.80%, Science: 55.30%, English: 66.70%. Applicants are permitted to take this test three times in a calendar year; no sooner than four weeks between attempts. Test scores are valid for a period of two years.

- The TEAS Test evaluates the academic ability of prospective RN students. See www.atitesting.com for information about preparing for the test. For additional information or to register for the TEAS see www.mccnh.edu/academics/programs/nursing.

Applicants who have been former nursing students please note that the Director of the Department of Nursing will contact you prior to acceptance.

Nursing Degree

Degree Program - First Year

First Year	Fall Semester	TH	LAB	CR
NURS111M	Nursing I	6	12	10
BIOL110M	Human Anatomy and Physiology I	3	3	4
PSYC110M	Introduction to Psychology	3	0	3
FYE100M	MCC Essentials	1	0	1
Total		13	15	18

First Year	Spring Semester	TH	LAB	CR
NURS112M	Nursing II	4	15	9
BIOL120M	Human Anatomy and Physiology II	3	3	4
PSYC210M	Human Growth and Development	3	0	3
Total		10	18	16

Degree Program - Second Year

Second Year	Fall Semester	TH	LAB	CR
NURS211M	Nursing III	4	15	9
BIOL210M	Microbiology	3	3	4
ENGL110XM or ENGL110M	College Composition I with Corequisite or College Composition I	4	0	4
Total		11	18	17

Second Year	Spring Semester	TH	LAB	CR
NURS212M	Nursing IV	3	18	9
	Mathematics Elective - choose one: MATH145XM or MATH145M, MATH202M*	4	0	4
	English Elective	3	0	3
	Foreign Language/Humanities/Fine Arts Elective	3	0	3
Total		13	18	19
Total Credits - 70				

Degree Program - Third Year (RN to BSN Public Pathway+)

Third Year	Fall Semester	TH	LAB	CR
CRIT 502	Conducting Critical Inquiry (taken at GSC)	4	0	4
	Elective - choose one: (HIST, ECON, POL)	3	0	3
	Sociology Elective	3	0	3
MATH202	Statistics (if taken as part of Associate degree, substitute with a Free Elective)	4	0	4
	Open Elective (if student needs additional credit to bring total to 90 credits by end of Year Three)	3	0	3
SOCI250N	Societal Approach to Health Care Systems (CCSNH Intra-System Offering)	3	0	3
AHLT205M	Medical Ethics and Law (CCSNH Intra-System Offering)	3	0	3
Total		23	0	23
