What is your Goal for PBL this Year? This year I would really like to get more people involved and show them what PBL is all about as well as the many benefits of becoming a member.

happen. This year started a little slower than we would have liked because we maintained our club through the summer and attended and completed many events ourselves. After a much deserved break this October we are going to hit the ground running our first meeting back November 8, 2010. Our fearless leader Diolienda Delizia (President) has contact our prospective members while we had our small break. The prospective members came from our open house table sign-up sheet which was manned by Donald Previe (Secretary) and our devoted member Dan Duford. The rest of the names came from the school survey of students for what clubs and activities they may want to

attend or join this year as new students. The final part of our compiled list came from open house this past summer, Hope we see new face next meeting!
